

Fair and warmer this afternoon and evening. Friday little temperature change and partly cloudy in the afternoon. Yesterday's high 30; low, 5. High today 38-40; low tonight 22-24. High tomorrow, 42.

Thursday January 5, 1961

Associated Press leased wire for state, national and world news, Central Press picture service, leading columnists and artists, full local news coverage.

THEY LIKE IKE — There's no mistaking how these Cuban refugees in Miami feel about President Eisenhower's decision to break relations with Fidel Castro the Irascible.

Farm Study Series Planned

Kennedy Calls First Parley on Problems

NEW YORK (AP)—The Kennedy administration plans to hold a broad series of conferences with farm leaders on the pressing agricultural problem.

Pierre Salinger, press secretary for President-elect John F. Kennedy, told a news conference today that a meeting of farm leaders and congressmen today on the farm issue was only the first of a series.

This indicated today's meeting in itself would bring no decision on what steps Kennedy might take to improve farm prices and income.

The incoming chief executive summoned heads of nine major farm organizations to meet with him and Orville L. Freeman, his secretary of agriculture-designate, at his newly established pre-inaugural headquarters at the Carlyle Hotel.

Kennedy had said during the campaign that one of his first acts as president would be to seek improvements in farm prices and incomes.

He has been quite mum about his farm policies since he won in an election that saw much of the Midwestern farm belt go against him.

Kennedy flew to New York Wednesday from Palm Beach, Fla., where he had been combining work and relaxation since Dec. 16.

He expects to hold a series of business conferences here today and Friday before traveling to Washington for a meeting Friday evening with Dean Rusk, chosen to be secretary of state in the new administration.

Shortly after arrival late Wednesday, Kennedy conferred for two hours with his secretary of defense-designate, Robert S. McNamara. After that session at the president-elect's hotel suite, McNamara said they discussed potential appointees for Defense Department positions, and plans for the Kennedy regime's military spending budget.

In response to questions, McNamara said he and Kennedy discussed neither the Eisenhower administration's severance of diplomatic relations with Cuba nor the situation in Communist-threatened Laos. Before the meeting Kennedy aides had left open the possibility of both of those matters being on the agenda.

Robert Kennedy To Quit Politics

WASHINGTON (AP) — Robert F. Kennedy, brother of the president-elect, said today he will detach himself from politics when he takes his oath this month as the new attorney general.

"I am in the midst now of detaching myself from the political arena," Kennedy told a reporter. He added that it's not a simple task.

Since 1952 Kennedy has managed the political campaigns that carried his brother, John F. Kennedy, first into the Senate and then into the presidency.

Both were described by friends as having decided that the attorney generalship will require brother Robert's undivided attention if he is to do the kind of job they both envision.

Most News Editors Refuse To Call New Chief 'Jack'

By THE ASSOCIATED PRESS

What name do American newspaper editors prefer when they refer to President-elect John F. Kennedy in headlines? Kennedy, Jack or JFK?

Only a few of the 100 newspapers polled by The Associated Press indicated they will continue to use "Jack."

The subject came up when a reporter asked what name Kennedy himself prefers.

Answered his press secretary, Pierre Salinger: "He feels that if he had a choice he would prefer just Kennedy, or that the initials JFK are all right too. If he had a choice he would be against the use of Jack."

"But he also feels that the choice is up to the newspapers," Long names have long been the bane of the hard-pressed headline writer who must fit them into skimpy column space.

Hence, such names as Eisenhower and Roosevelt became Ike and FDR.

Of the newspapers queried by AP, 46 said they would use Kennedy or JFK in headlines. Thirty-six said they would use President or Kennedy only. Some said they would continue to use Jack while others said they would use Jack only if the story warranted it or it fitted in designated space. One paper said it would use John F. and another John.

"Jack is taboo," said the Fort Lauderdale, (Fla.) News.

"No Jack, no John, no JFK," said the Philadelphia Inquirer, which prefers Kennedy.

"Impolite," said the Indianapolis News.

Witnesses Differ on Air Disaster

NEW YORK (AP)—Witnesses differ concerning actual sighting of the crash of two airliners over Staten Island the morning of Dec. 16.

The Civil Aeronautics Board Wednesday opened its hearing into the worst disaster in aviation history—when a United Airlines DC8 jet collided with a Trans World Airlines Constellation. The crash claimed 136 lives, 128 aboard the planes and 8 on the ground.

The TWA plane went down in flames on the Army's Miller Field, Staten Island, while the jet winged 10 miles to the northeast before crashing into a Brooklyn neighborhood.

One eyewitness, Paul Kleinau, a Staten Island florist, testified he saw the jet streak through an overcast sky and strike the TWA craft with a "tremendous noise." The rear of the TWA plane, Kleinau said, fell off and crashed at once, but the front engine-wing portion circled twice before spiraling down on Miller Field.

Another witness, Sgt. Glenn F. Logsdon, on duty at Miller Field's control tower, testified there was "definitely a solid overcast" at the time of the crash. When he heard the sound of a crash, Logsdon said, he looked up and "saw a fireball inside the overcast" but could not see the planes because of the murky skies.

Police Chief's Action Labeled as 'Negligence'

CINCINNATI (AP)—Police had to lock two garage doors and a bathroom window at a home Wednesday where the owner had left for a Caribbean vacation.

"Apparent negligence," they remarked after completing the chore.

Whose residence was it? That of Stanley R. Schrotel—Cincinnati's police chief.

But there were pro-Jack papers, too.

Tulsa Tribune — Ike was good enough for Eisenhower and Jack should be satisfactory.

Waterloo (Iowa) Courier — See no reason if Eisenhower can be Ike, why Kennedy can't be Jack. Birmingham (Ala.) News — Probably will use Jack some. Anyway, his preference won't make any difference.

Los Angeles Examiner — We've been using Jack right along. Doubt if we can get away from it. The thing is an affectionate term. Ike has certainly retained his dignity.

South Bay Daily Breeze (Redondo Beach, Calif.) — We'd rather call him Jack if we can call Nixon Dick. JFK sounds odd-ball; looks like a typographical error.

The Washington Star says it won't use Jack or JFK. The Washington Post believes Jack is too frivolous, but in a tight squeeze might have to use JFK.

The New York Times, the New York Herald Tribune and the World-Telegram & Sun say they refer to the president-elect as Kennedy. The Times said it never uses nicknames.

Nasser Plan For Congo Is Opposed

CASABLANCA, Morocco (AP)—King Mohammed V of Morocco and President Kwame Nkrumah of Ghana were standing firm today against a proposal by U.A.R. President Gamal Abdel Nasser to send a joint African military force to the aid of deposed Premier Patrice Lumumba of the Congo.

The king and Nkrumah, according to reliable informants, blocked Nasser's plan to make his proposal publicly at the opening session Wednesday of the five-nation "African summit" meeting. Instead, the conference closed its doors to public and press after the king's opening speech.

The outlook was that Nasser's proposal would be finally turned down despite vigorous support from President Sekou Toure of Guinea and the open sympathy of the government chiefs for Lumumba's cause.

The conference probably will agree on a resolution demanding that the United Nations free Lumumba from prison and reinstate him as premier in Leopoldville.

Nasser's idea was for the five nations represented here withdraw their troops from the U.N. force in the Congo and put them at the disposal of the pro-Lumumba rump regime in Stanleyville.

Nasser himself is not willing to take such action alone.

Nkrumah's plan for an African "high command to replace the United Nations in the Congo or in similar situations also ran into opposition and was not publicly proposed.

Public Administration Minister Pierre Hamel reiterated that the strike against the government's austerity program is dying, declaring: "There is a return to work everywhere."

Leo Colard, president of the Socialist party, called on King Baudouin Wednesday night in what was believed to be a party move to try to extricate the Socialists from the costly general strike. Loss of pay has hit the strikers hard.

The Socialists also showed rising irritation with young demonstrators who have ignored repeated pleas of party leaders to avoid violence.

New Anti-Castro Pressures Coming

WASHINGTON (AP)—High diplomatic officials expect new moves next month aimed at putting pressure on Cuban Premier Fidel Castro.

Two of the leading members of the 21-nation Organization of American States — the United States and Brazil—will have new presidents in office by the end of this month.

The United States is expected to favor: (1) a concerted, short-of-force effort such as a cooperative patrol against arms shipments from Cuba to other Latin-American countries, (2) a joint tracking of Castro agents and (3) economic restrictions aimed at Cuba.

The U.S. decision to break diplomatic relations with Havana is not expected to set off any quick chain reaction in other Latin-American capitals. But those who favored the break are optimistic that the eventual result will be a more widespread withdrawal by other Latin-Americans of their envoys to Havana.

Panama called home Wednesday its ambassador to Cuba "for consultation," giving rise to speculation that the Central-American country may break with Castro. The Panamanian government declined comment.

The U.S. government meanwhile is confident it is in a strong position both legally and militarily in its plan to hold indefinitely its big Guantanamo Navy Base in eastern Cuba.

The break in relations had no legal effect on the treaty under which the United States leases Guantanamo, the White House said Wednesday.

Most other treaties involving the United States and Cuba also remain in effect, according to U.S. experts. These include U.S.-Cuban agreements on civil air transport, civil uses of atomic energy, investment guarantees, postal exchanges, smuggling prevention and the like.

No serious hitches had been reported in the pullout of American officials from Cuba and the expulsion of Cuban diplomats from this country. U.S. officials estimated that more than 300 Cubans in this country were listed as Cuban government officials.

There was no optimism that relations with Cuba would be re-

Mother, 7 Tots Killed in Fire

LYNN, Mass. (AP) — A young mother, six of her seven children and her niece died in an early morning fire today, trapped in bedrooms of a 2½-story tenement.

Fire Chief Walter Carter said the blaze started in the rear of the second floor and spread to the attic.

Investigators said there was only one stairway to the attic bedrooms.

Donald Amirault, 29, the father, saved his youngest child, Dawn Marie, 5 months, by dropping her from a second-floor porch into the arms of a neighbor.

He tried to get back into the house to rescue others but a snap locked had closed.

Dead are: Shirley Amirault, 23, her children, Michael, 8; Shirley, 7; Donna, 6; Robert, 4; Kathy, 2; Barbara Jean, 18 months; and the niece, Paula Hollingsworth McGrath, 5 months.

Navy Scales Down Cost Of Flattop Fire Damage

WASHINGTON (AP)—The Navy now says it will take less money and less time than originally estimated to patch up the carrier Constellation, damaged in a fire Dec. 19 at New York. Fifty workmen died in the fire.

Repairs will take about seven months and cost about \$47,942,000, the Navy said.

Shortly after the fire, Navy officials estimated the repair job might cost about \$75 million and result in a one-year delay before the new ship was ready for the fleet.

Senate Dilutes Filibuster Fuss

WASHINGTON (AP)—The Senate gets down to ordinary business today, with its usual fight over limiting filibusters still simmering on the back burner.

The new Democratic floor leader, Sen. Mike Mansfield of Montana, Wednesday obtained unanimous consent for an agreement that senators can introduce bills and carry on normal routine while the debate on filibusters continues.

Democrats in the House in recess today, seemed in no hurry to shake up their rules committee, where a conservative coalition of Republicans and Southern Democrats often has bottled up bills it doesn't like.

Speaker Sam Rayburn is reported determined to put an end to the roadblock, even if it means purging Rep. William Colmer, D-Miss., and replacing him on the committee with a liberal. But no showdown is in sight and a compromise may be worked out.

Sen. Joseph S. Clark, D-Pa., former mayor of Philadelphia, said he is ready with legislation to create a new Cabinet post of housing and urban affairs.

President-elect John F. Kennedy endorsed the idea of the new department during the election campaign.

Republican Senate Leader Everett M. Dirksen of Illinois Wednesday threw his weight against liberal forces that want a change in the rules to make it easier to halt a filibuster.

Dirksen said he looks on the present setup as a weapon for minorities, and noted that his party is a minority in the Senate. Thus he joined forces with Southern Democrats who plan to fight fang and claw against any change. They often have used filibusters to defeat civil rights legislation.

Estate Goes to Dogs

LOUISVILLE, Ky. (AP)—Tavern operator John L. Lynch, 84, left income from his \$25,000 estate to his two boxer dogs, Bing, 10, and Rusty, 5.

Castro's Rash Moves Seen As Caused by Desperation

By WILLIAM L. RYAN
Associated Press News Analyst

There is evidence that Fidel Castro deliberately sought to make the United States break relations with Cuba, and that his provocations in this respect grew out of fear and desperation.

The Castro revolution is in trouble. It is doubtful whether the Communist bloc possesses the means and the ability to keep the Cuban regime above water.

Castro seems to fear that other Latin American governments, no longer able to abide interference in their affairs, are themselves about to call it quits with him. Castro and his Communist advisers want to be able to say that the United States has forced those other governments to break relations, that this proves U.S. "im-

perialist" maneuvers and bad intentions toward Cuba. He wants to use the forthcoming breaks in relations as pegs for new agitation against existing governments elsewhere in the Western Hemisphere.

This is not just speculation. The Fidelistas have learned from the Communists the technique of accusing an enemy of what one plans oneself. A few weeks ago the Castro newspaper Revolution told its readers that the United States was planning a new offensive against Cuba and was "putting pressure on puppet governments of the continent to put it into effect."

It added: "The four points of this plan are as follows: A collective break of diplomatic relations with Cuba; an economic embar-

Havana Sees Vast Defenses For 'Invasion'

Castro's Cabinet Holds Special Parley As Ties Are Severed

HAVANA (AP) — The Cuban Cabinet made a thinly veiled bid today for a change in U.S. policy toward Fidel Castro's regime under the incoming Kennedy administration. There was no indication of any change in Castro's policy toward the United States, however.

Castro's frantic preparations against "invasion" from the United States extended today to Havana's seafort Malecon Drive. Soldiers spent the night building emplacements. Then militiamen installed dozens of anti-aircraft guns and medium-caliber field guns.

The cabinet also authorized the death penalty for all anti-Castro terrorists, saboteurs and their accomplices. Trials are expected soon for 30 persons accused of bomb making and arson.

A statement issued after a long night cabinet session put the entire blame for the U.S. break in diplomatic relations with Cuba on the Eisenhower administration. The outgoing U.S. administration was also accused of "threatening with other (aggressions) worse and much more serious," an obvious reference to Cuba's charges that American invasion is imminent.

The statement expressed the hope that relations would be re-established "when the governors of the United States finally understand that it is possible to maintain sincere and friendly relations with the people of Cuba on the basis of respect for their sovereign rights, their legitimate interests and their national dignity."

The statement made no specific mention of President-elect John F. Kennedy, but the government Wednesday had emphasized that Kennedy did not participate in the decision to break relations.

Kennedy during the presidential campaign criticized the Castro regime harshly, and the Cuban prime minister in turn called the Democratic candidate an "ignorant, illiterate, beardless kid."

There had been unconfirmed reports that cabinet would also discuss the U.S. Naval base at Guantanamo, but the statement made no mention of it. The United States has declared it will hold and defend the base despite the diplomatic break, and Castro has said several times he would get the base away from the United States by legal means, not by force.

The United States holds the base under a treaty it contends can be scrapped only by agreement of both countries.

Planes leaving Havana for the United States were packed with Americans quitting Cuba, but many more stayed to take their chances under the regime Eisenhower called a dictatorship. The American flag was hauled down from over the U.S. Embassy, and most of the embassy staff sailed for home.

Space Capsule Lofted

EGLEIN AIR FORCE BASE, Fla. (AP)—A space capsule has been lofted more than 32 miles and later recovered from the Gulf of Mexico. The 900-pound nose cone was sent up Wednesday atop a 44-foot, three-stage Nike solid-propellant rocket.

His wife, Veronica Van Arsdall, 49, was brought to Paul Kimball Hospital Dec. 13 with burns on 60 per cent of her body.

The burning was first listed as an accident. Arsdall said that his wife had been burned in a kitchen mishap. Later, he told Mrs. Arsdall's daughter by a previous marriage Constance Reinke, that her mother was burned by a cigarette while lying on a couch.

Mrs. Arsdall was an invalid with whom Arsdall had been having marital difficulties, state investigator James Hart said.

Mrs. Reinke reported the alleged discrepancy in Arsdall's account. The seaman broke down Tuesday and admitted having set his wife afire, Hart said.

Hart said Arsdall told him that he gave his wife a sedative and, when she was semiconscious, dropped a lighted pack of matches on her. He said he watched as his wife, in pajamas and a robe, burned.

Hart said the seaman told him that he had a change of mind and tried to put out the flames.

Governor Saves Mrs. Klumpp

COLUMBUS, Ohio (AP) — The life of Mrs. Edythe Klumpp, condemned to die for the slaying of her lover's wife, has been spared.

Gov. Michael V. DiSalle announced late Wednesday night that "justice could not be served by her execution," and commuted the 42-year-old Cincinnati woman's Friday date with death to life imprisonment.

The announcement came after an afternoon interview in which DiSalle questioned Mrs. Klumpp

while she was under the influence of a truth serum.

Mrs. Klumpp was convicted of first-degree murder for shooting Mrs. Louise Bergen to death and then burning her body. The slaying took place in Cincinnati Oct. 30, 1958. The burned body was found on the shore of Lake Cowan in Clinton County.

During early investigation, Mrs. Klumpp admitted the killing. When Mrs. Klumpp was convicted of first-degree murder, she asked for a new trial. When this was denied, she blamed the victim's strange husband, William Bergen, for the killing. Mrs. Klumpp had been living with Bergen.

DiSalle's interview with Mrs. Klumpp Wednesday was his fourth conversation with her in the past week.

In the first three, DiSalle said he obtained four hours and 45 minutes of tape-recorded testimony from her. Besides that he studied a report of the investigation of the case by the Ohio Highway Patrol, the trial court records and the records of the hearings in the Ohio and U.S. supreme courts.

The governor was Mrs. Klumpp's last hope for clemency. Both the Ohio and U.S. supreme courts had rejected her appeals.

DiSalle said that Wednesday he and Dr. Milton Parker, a physician skilled in the use of truth serums, went to interview the doomed woman at Marysville reformatory. He said they talked with Mrs. Klumpp an hour and 20 minutes before she submitted to an injection of sodium amylal.

In his statement to newsmen, DiSalle said he was convinced Mrs. Klumpp's story could be true—that she was not guilty, that Mrs. Bergen's death was accidental and that the victim's husband was to blame.

DiSalle then stated, "I am commuting her sentence to life imprisonment for the time being." He did not explain what he meant by "for the time being."

DiSalle announced his decision to newsmen after a late evening meeting with C. Watson Hover, the Hamilton County prosecutor who prosecuted Mrs. Klumpp, and with William F. Hopkins, the Cincinnati attorney who defended her.

DiSalle said his decision was no reflection on Hover and his staff. He said the trial was well-conducted and hard-fought.

"But," DiSalle said, "I feel several errors occurred in the trial." DiSalle said that the only people who know the truth are Mrs. (Continued on Page 2)

Man Admits Setting His Wife Afire

LAKEWOOD, N.J. (AP) — A woman died of burns today and police said her husband admitted setting her afire after giving her a sedative.

The husband, John Robert Van Arsdall Sr., 36, an unemployed seaman, was held in lieu of \$25,000 bail on an assault with intent to kill charge.

His wife, Veronica Van Arsdall, 49, was brought to Paul Kimball Hospital Dec. 13 with burns on 60 per cent of her body.

The burning was first listed as an accident. Arsdall said that his wife had been burned in a kitchen mishap. Later, he told Mrs. Arsdall's daughter by a previous marriage Constance Reinke, that her mother was burned by a cigarette while lying on a couch.

Mrs. Arsdall was an invalid with whom Arsdall had been having marital difficulties, state investigator James Hart said.

Mrs. Reinke reported the alleged discrepancy in Arsdall's account. The seaman broke down Tuesday and admitted having set his wife afire, Hart said.

Hart said Arsdall told him that he gave his wife a sedative and, when she was semiconscious, dropped a lighted pack of matches on her. He said he watched as his wife, in pajamas and a robe, burned.

Hart said the seaman told him that he had a change of mind and tried to put out the flames.

Job for School Poor Swap

With mid-year school examinations looming, many a troubled teenager faces a decision whether to continue his education. Such a decision will not be difficult for those who familiarize themselves with the easily available record.

The U. S. Department of Labor has recently added to it by a survey of the employment experiences of those who quit school early. One-third of all American high school students drop out before they finish that phase of their secondary schooling.

This survey leaves no doubt that those who drop out, with rare exceptions, earn less, have to take less skilled jobs, are ad-

vanced less rapidly and are among the first to be dropped off the payroll in hard times.

That is the situation today. It will be more adverse for the drop-outs in the future, when the labor force will need more skills. It is a mighty poor swap for the temporary advantage of a job.

Courtin' Main

Lacquer or liquor are two things that can finish a car.

Nightworker — a Rare Bird

By Hal Boyle

NEW YORK (AP)—Night people know a kinship rare to day people.

As our civilization grows more complex, more and more people have to work odd hours to keep it operating.

To the sailor at sea, the pilot in the air, the lifeguard at the beach, the professional athlete in the stadium the lion tamer and the clown in the circus, Saturday and Sunday are just two more days in the week.

And to about one-sixth of Americans laboring millions of duty begins after the sun goes down. They earn their paychecks in the dark.

They clean the offices, guard the streets, collect the garbage, keep the home fires burning while most of us sleep. They prepare our day for living while we slumber.

If you have never worked at night—if you have always worked a 9:00 a.m. to 5:30 p.m. day—you have missed a great adventure in living.

The advantage is comradeship on the job. You get the feeling of unity a platoon enjoys in war.

There is a freemasonry that doesn't quite exist on a day job. In the newspaper world the overnight tour of duty is known as "the lobster trick." No one knows for sure how the term originated. One theory is that it was coined by a forgotten ironic newsman in the Gay Nineties who had to arrive at his desk at midnight when the playboys of that era were sitting down to their lobster and champagne.

But whoever works the lobster trick knows a joy foreign to the peasants prisoned by the sunbeam hours.

For three years long ago I worked from midnight until 8 o'clock in the morning, and never in my life since have I known quite the same sense of freedom.

Night brings a mystic union to those who work through it together. They are knit by the bond of the unusual. They are separate from the rest of sleeping mankind.

They are superior. They are alive and awake. They belong to each other. And they know it.

There is small tension and little hurry. The job is there to do, and there is leisure to do it well.

No one leans over your shoulder. You are on your own. The big boss is at home adrift in drowse. The straw boss is just one of the boys. He has to be. Otherwise he would be impossibly lonely. No one likes to be lonely at night, even when he is working.

The night worker feels the pity of a king to a serf as he hands over the sovereignty of the office to the haggard, sleepy-eyed day worker who replaces him, the serf whose duty is just beginning.

The night worker has quelled one of mankind's oldest foes—the darkness. His duty behind him, he washes his face and hands, puts on his hat and coat and steps into the bright sunshine of the new day, as free and proud as a lark tilting at heaven.

He is different from other people.

Kennedy To Make His Own Policy By George Sokolsky

The new Administration is beginning to take shape. The task is not simple. President-elect Kennedy will have to appoint a vast number of persons to all sorts of positions. He can pursue a political course and select only those who are partisans; he can appoint those who are recommended by various persons, for obviously he cannot know all who have to be chosen; he can keep on many Eisenhower appointees.

Thus far, his pattern seems to be to select non-political persons who are efficient but who will not have too great a voice in policy. The State Department is an example. Dean Rusk is not a policy man. During the years that he has not been in office, he played no public role. When he was in the State Department, during the Truman Administration, he was not concerned with policy which was the function of Dean Acheson, a forceful personality. Chester Bowles, the Under Secretary, has opinions on many subjects, particularly Asia, but in his position he is not likely to have too much time for policy. Paul Nitze, who planned policy for Dean Acheson, is sent to the Pentagon where he will surely not be involved in foreign policy. Adlai Stevenson goes to the United Nations where he will have to compete with the reputation of Henry Cabot Lodge which will not be easy. At any rate, if Khrush-

chev rattles a shoe at Stevenson, we shall see what a fighter he is. Douglas Dillon who helped President Eisenhower make policy is over in the Treasury under the new regime.

Obviously, as one looks at this personnel, it is clear that John F. Kennedy, as President, will make his own foreign policy. I have read his campaign speeches to discover a pattern. There is none in the speeches. We shall have to wait for the policy to unfold.

So far as the Treasury is concerned, the appointment of Douglas Dillon as Secretary of the Treasury would indicate that the President-elect would favor a balanced budget and hard money. On the other hand, although Douglas Dillon started life as a banker and the son of a banker, he has never been dominated by a Wall Street concept of national financing, which is narrow and in many respects not in the public interest.

It was anticipated before the Election that should Kennedy be elected, he might have appointed Eugene R. Black of the International Bank or John Jay McCloy who is chairman of the Chase Manhattan Bank. Instead he chose Douglas Dillon, out of the State Department.

The Attorney General has often been a political appointee. The most recent ones in that office have been Homer Cummings, Frank Murphy, Robert Jackson, Francis Biddle, Tom C. Clark, J. Howard McGrath, James P. McGranery, Herbert Brownell Jr., and William P. Rogers. Frank Murphy, Robert Jackson, and Tom Clark went to the Supreme Court. The Attorney General has a large amount of patronage to dis-

pense and he can use that as a political club to keep Congress in line for a President. He can rebuild a political party by patronage. The appointment of Robert Kennedy would indicate that the President-elect is protecting his rear from political stabbing. During the Eisenhower Administration, the Attorney General's office was not politically very effective which may be one of many reasons why in areas like New York State, the Republican Party fell apart. President Eisenhower never managed to understand the nature of political structure. Vice President Nixon's principal advisers in his campaign was the Attorney General, William Rogers.

The Department of Labor is comparatively recent. Created in 1903 as the Department of Commerce and Labor, in 1913 it was separated from Commerce. No great national figure or even outstanding labor leader has thus far served in this office. The following have been Secretaries of Labor since 1913: William B. Wilson, James J. Davis, William N. Doak, Frances Perkins, L. B. Schwellenbach, Maurice J. Tobin, Martin P. Durkin and James P. Mitchell.

President-elect Kennedy has appointed to this office Arthur Goldberg, a labor lawyer with outspoken, decided opinions on the relationship of organized labor to the national economy. A man of unusual attainments, completely independent of political pressures, he is likely to be a policy-maker. He touches on a field in which Robert Kennedy is an expert. The combination of an upright Secretary of Labor with a co-operative Attorney General could open a new era in American unionism.

Try and Stop Me

By BENNETT CERF

ONE OF THE MOST luxurious sets of whiskers in the literary world is sported by Author Robert St. John, who blithely explains, "I go about lecturing a great deal, and the beard makes it easy for welcoming committees to spot me at airports and railroad stations."

Mr. St. John got his come-uppance in Milwaukee recently. He found himself sharing a parlor car with fifty be-whiskered orthodox rabbis. Arriving in Milwaukee he remained undiscovered by the reception committee until the last rabbi had vanished from sight.

In Budapest, a Hungarian told his friend, "I have it on indisputable authority that the Russians have perfected a device to take them to the moon."
"What?" replied the friend ecstatically. "All of them?"

Baum whose Post Office address is Route 1, Lockbourne, Ohio have been duly appointed Executors of the Estate of Harry C. Baum late of Pickaway County, Ohio, deceased.
Dated this 20th day of December 1960
GUY G. CLINE
Judge of the Probate Court
Pickaway County, Ohio
Dec. 29, Jan. 5, 12.

The World Today

By James Marlow

WASHINGTON (AP) — There'll be less razzle-dazzle in the Senate which has just substituted a plain John for a glamor boy. But the question puzzling Washington is whether the glamor boy will still be boss.

The Senate Democrats Tuesday picked Mike Mansfield, 57, of Montana, thin of face and plainly dressed, as their leader to succeed the spectacular Lyndon Johnson, 52, who on Jan. 20 becomes vice president.

Mansfield had been Johnson's chief assistant and gets his full blessing. He will be responsible for steering President-elect John F. Kennedy's programs through the Senate. Johnson, as vice president, will preside over Senate sessions. Mansfield said he will invite Johnson at times to preside over party caucuses and policy committee meetings.

Usually a vice president — at least so far as his work in the Senate goes—is a shadowy figure who stays in the background. The floor leader, in this case, Mansfield, is the boss.

It remains to be seen whether Johnson, for whom Kennedy will find plenty of outside work, will remain subdued in the vice president's chair or try to pull the strings to make Mansfield dance.

Mansfield, one-time Marine, one-time college professor of history and political science, is the kind of man you might overlook in a crowd.

The bustling Johnson, who is always so well-groomed he seems to shine, sometimes seemed to run the Senate by sleight-of-hand.

Johnson, considered by many the ablest Senate leader of the century, did favors for senators and called on them to pay back in votes when he needed them.

Or he'd get things done by working out agreements behind the scenes before voting time.

But the real reason for Johnson's success — there are some who question how successful he was in getting through any really substantial legislation — lay in this: He was a middle-roader and a copromiser.

This fitted in nicely with the

prevailing mood of the other 99 senators who range from liberal to reactionary but are mostly middle-road conservatives who, by experience, learned they can't have everything their way and accept compromise.

Mansfield is a middle-roader, too. Otherwise, it's doubtful he'd be Johnson's man for the job. But he has one advantage over Johnson starting out.

Johnson was leader in a Senate where Democrats were in a majority but had to deal with a Re-

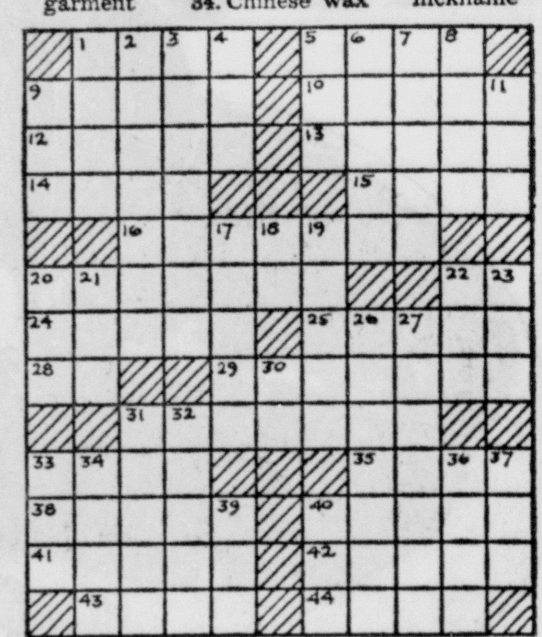

publican president, Dwight D. Eisenhower, who always held the threat of veto.

Mansfield leads a Senate where the Democrats still are a majority but will have a Democratic president not only pushing for Democratic programs but anxious to sign them into law.

Mansfield isn't a patsy and may well stiff-arm Johnson if the latter tries to climb into his pasture. And, even though he's Democratic leader, Mansfield could still balk at some Kennedy programs.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

Fish, a couple of California scientists have discovered, swim, not by wagging their tails and paddling their fins, but by wiggling their bodies. The fish, of course, knew this all along.

It's small comfort to a snow-shoveling suburbanite to read that on Dec. 21 the Sun started its journey back up North.

Prisoners in a Canadian jail rioted because of lack of heat in their cells. A too - cool cooler?

Because of increasing tooth decay among the Eskimos of Greenland, they may face rationing of candies and pastries by the Danish government. Looks as though the igloo set will have to go back to icicles for their between - meals snacks.

Someone has pointed out that the numerals "1961" read the same upside down. However, we don't expect this old world to be any more topsy - turvy next year than it was this.

Steel Chiefs Take Look at Joblessness

Management, Labor
Join Parley To Seek
Answer to Problem

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Steel labor and management sit down today to tackle a problem that plagues not only the industry but also federal and local authorities and business in general.

In human terms it's the problem of joblessness and short weeks that affect the families of thousands both in and out of the mills.

In terms of dollars it's the problem of slipping sales and profits of the companies, of their suppliers, of those who sell to or serve the steel workers.

In the field of governments it's the problem of jobless and other social benefits, and lower tax receipts.

In the broader scene the troubles in steel tinge the outlook of the whole economy, since so much depends on the health of this basic industry.

The expectation at the start of 1961 is for slowly rising steel output but whether this will bring immediate re-employment isn't certain.

The expected slow rise in steel output as 1961 continues—much of the increase doubtless in the latter part of the year—will still leave the profit picture in doubt. Wage scales have risen recently, squeezing profit margins further and offsetting at least in part the rise in productivity.

And the steel industry is still up against growing competition from other materials in several of its best markets, as well as the successful hunt of many steel users for ways to cut down on the amount of steel needed in their activities.

The immediate problems that steel management and labor are discussing today rise also from two other things. First is the slowdown in activity in many of steel's prime customers—appliances, railroads, and to some extent in construction. Also, the big customer, the auto industry, uses less steel in its compact cars, along with greater use of glass and aluminum.

Second is the tendency of customers to live off their steel stocks through most of the last half of 1960. Inventories had been built up in a big surge of steel buying early in the year and then as often as not users found demand for their products slumping.

As yet steel customers show little tendency to rebuild stocks. But most steel executives say that soon more users will have to stop living off inventories and at least order on a hand-to-mouth basis as many now do.

Union and company representatives meet today as the industry starts an expected climb back from a holiday week slump that saw output at its lowest for any nonstrike period in more than 20 years.

Thanks to the spurt in the opening months, the year as a whole wasn't bad for the industry. It turned out 99.3 million tons, the highest production since 112.7 million tons in 1957.

But the slowdown since midyear has taken its toll both on profits and jobs. And if the confab in Washington can figure out ways to beat competition, increase sales, hold down costs, make more jobs and fatten steelworkers' incomes, the whole economy would be pleased, if slightly surprised.

Blue Cross Drive To End

The Annual Blue Cross drive for Pickaway County residents ends tomorrow. Headquarters for the enrollment is the Kochheiser Hardware and a representative will be on duty from 8:30 a. m. to 5 p. m. to answer questions concerning the plan.

Blue Cross officials point out that the Senior Contract for those persons over 65 will again be offered in addition to the direct pay contract for those under 65.

With the ever-increasing costs of medical care, hospital expense protection is more important than ever before.

The drive is sponsored by Berger Hospital and Carries the endorsement of the Pickaway County Medical Society.

The Needless Conflict —

Civil War Leaders Spurn All Reasonable Discussion

Editor's Note—Reasonable discussion and compromise had been spurned by the Congress, the conventions, the people. Now the issue was changing and a decision which would affect the lives of 30 million Americans passed by default as 1860 ended to a pair of obscure officers. In the third of four articles on the needless war, historian Bruce Catton points to the possibility of a modern parallel.

By BRUCE CATTON
Written for The Associated Press
Instead of any compromise, the election of Abraham Lincoln in 1860 was followed by the secession of a number of the Southern states.

At least in the beginning, the act of secession was much more a political maneuver than a really warlike gesture. It was a means of putting on the political heat.

The tragedy was that it evoked a defiant reaction in the North—and, at the same time, changed the fundamental issue from the simple question of slavery, about which neither side was ready to fight, into a question of Union about which a great many people would fight.

After Lincoln's election Congress and the country had a little more than five months to settle things. These months were wholly wasted. Efforts were indeed made, in and out of Congress, to work out a compromise, but they failed completely—chiefly because nobody really wanted to compromise. The machinery of democracy, still available, went unused. There were no real debates; there was a great deal of oratory and there was much editorializing, but almost all of it involved nothing much more than calling one's opponent a scoundrel. The notion that this scoundrel might have at

2 Cleveland Educators Get Church Honor

CLEVELAND (AP) — The national human relations award of the National Conference of Christians and Jews will go this year to two Clevelanders outstanding in the fields of education and public service.

The conference announced Tuesday night that the recipients will be Dr. John S. Millis, president of Western Reserve University, and Dr. T. Keith Glennan, president of Case Institute of Technology and first head of the National Aeronautics and Space Administration.

Dr. Lewis Webster Jones of New York, conference president, said the joint award is in recognition of "their constant effort on behalf of the furthering of the brotherhood of man under the fatherhood of God."

Plaques emblematic of the award will be presented to Dr. Millis and Dr. Glennan at a dinner here Sunday, April 9.

Dr. Millis was cited for his work in pioneering the summer workshop course training graduate teachers "in the tools of human relations" at Western Reserve. He came to WRU from the University of Vermont in 1949.

Tribute was paid to Dr. Glennan as one of the first technical school presidents to initiate humanities courses and human relations subjects in the engineering curriculum. He became president of Case Tech in 1947 after a career in engineering and research for the war effort.

Dr. Glennan took a leave of absence from Case to become the first head of the NASA in 1958. He resigned that post last week.

District Meeting Of Boy Scouts Tonight

Pickaway County District meeting of the Boy Scouts of America will be at 7 p. m. tonight in the Presbyterian Church basement.

Opening remarks will be given by Guy Cline. Reports for the past year will be given by Dick Wilson, Jesse Huffner, Earl Palm, Joe Bell, C. W. Winner and Jim Phillips, all scout officials.

least a little of the right on his side, and that sooner or later he would have to be dealt with, seems to have entered nobody's head.

The area of choice does not remain open forever. After the state of South Carolina announced its secession the area of choice between North and South grew very narrow. Originally it had embraced the whole country—national party conventions, nationwide campaign, national election and all. These had made no choice. Then Congress had its chance, and Congress made no choice.

Now the thing was delegated to a fantastic extent. In Charleston harbor there was Ft. Sumter, and in nearby Ft. Moultrie there were 70-odd federal soldiers under a major in the regular Army. This officer, Maj. Robert Anderson, was told, from Washington, that he was to keep the peace, but that if in his judgment the South Carolina authorities were really menacing he could move his men over into Ft. Sumter which was much more defensible than Ft. Moultrie.

At the same time, suspecting that Maj. Anderson might do this, South Carolina authorities armed a steamboat and put it to patrolling Charleston harbor; and the militia captain who commanded this boat was told to prevent the federal soldiers from occupying Ft. Sumter, using force if in his judgment that might be necessary.

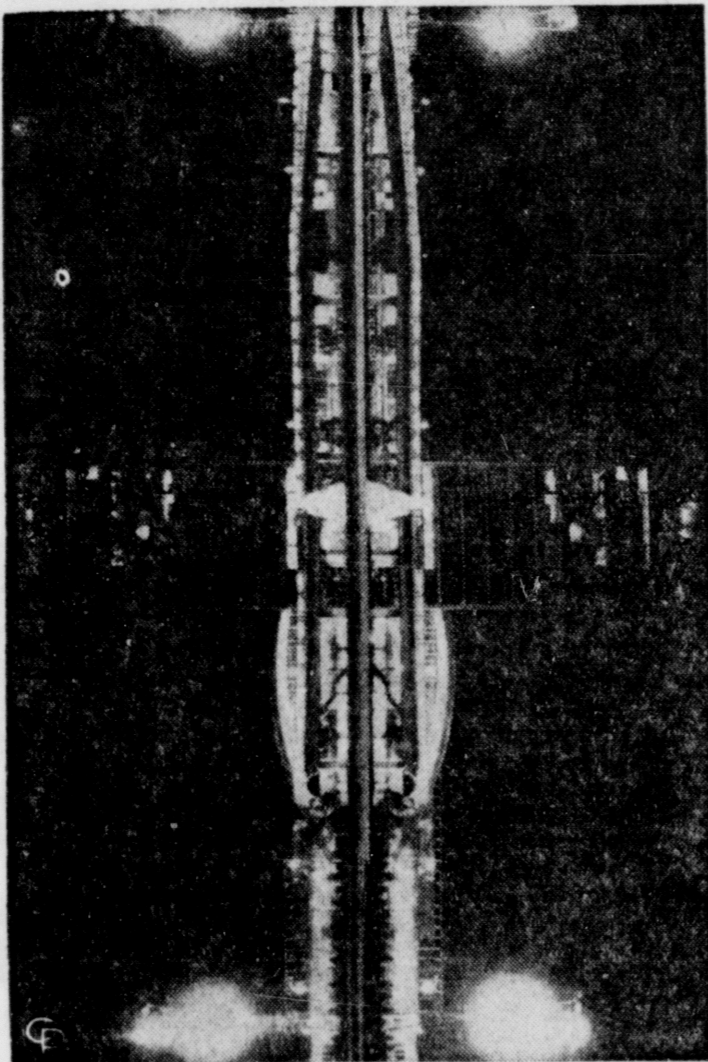

And there, as 1860 ended, was where the power to make the fateful decision lay—in the hands

of an obscure major of regulars and an equally obscure captain of militia. They had the authority to begin shooting if in their opinion shooting was called for. The fact that 30 million Americans would carry on the shooting if they began it was beside the point. The terrible question—war or no war—had somehow been evaded by the people and their political leaders during all of the months when the machinery of democracy was available for the solution of that question. Now the question could be answered by a major and a captain.

(There is something hauntingly familiar about that situation. Can we imagine anything like it today? Are there, somewhere on this globe, a major and a captain, eyeing—let us say—their radar screens, given the authority, which ought to lie somewhere farther up the line, to transmit the signals that will envelop civilization in earthquake, wind and fire?)

The point of all of this is that when we fail to cope with a problem we do not necessarily dispose of it; we simply decree that the answer to it will be made by somebody else. In 1861 the people of America were plunged into the conflict war in their entire experience simply because they and their leaders had refused to try to find an answer to the most momentous problem that they faced. Events themselves at last forced an answer, and it was fearfully expensive when at last it was made.

NEXT: A Haunting Dialogue

WHAZZIS?—Well, whatever it looks like, that's not what it is. Turn it so that the right-hand side is on the bottom, and you might recognize that it's the big control tower at New York's Idlewild Airport reflected in one of the Idlewild pools.

Ballots for Agricultural Society Directors in Mail

Election of seven members to the Board of Directors of the Pickaway County Agricultural Society is under way by mail this week.

The seven directors will be named for a three-year term and will join with 14 holdover members to operate the annual Pickaway County Fair.

Members of the society from all over the county have been mailed ballots. They are asked to mark the ballots and return them to the society by noon Saturday.

On the ballot are 15 names to fill the seven places.

Candidates are, from Circleville City, Wayne Martin, Harold Nagel, Richard Wilson and Paul C. White, with two to be elected; from Harrison Twp., Robert L. Baum and D. P. Courtright, with one to be named;

From Walnut Twp., for one post, Don Collins and Rennie Sowers; from Circleville Twp., for one position, Ralph McDill, Emmett Wood and J. L. Chilcote;

FROM Jackson Twp., George Mowery and Paul Thompson, with one to be elected, and from Darby Twp., Mostyn Garrett and Kenneth Gossard, with one to be chosen.

Collins, Courtright, Wood, Garrett and Martin are incumbents. Secretary-manager of the fair is William L. Cook. Holdover members with one year to serve are Kenneth Blue and James Ford Circleville City; Lloyd Melvin, Scioto Twp.; Paul Peck, Perry Twp.; Kenneth Shell, Monroe Twp.; Kenneth Reid, Muhlenberg Twp.; and Charles Rose, Deer Creek Twp.

Members with two years yet to serve are Loring Leist, Washington Twp.; Ralph May, Circleville

City; J. B. Stevenson, Wayne Twp.; Wayne Brown, Madison Twp.; Dr. Wells Wilson, Pickaway Twp.; Sterling Poling, Salt Creek Twp. and Ward Skinner, Circleville City.

State Checks On Exhausted Idle Pay List

COLUMBUS, Ohio (AP) — The Bureau of Unemployment Compensation is trying to determine the current status of 56,000 Ohioans who exhausted their jobless benefits during the first 11 months of 1960.

The project, in survey form, is to go to the legislature, which will use the information in its consideration of extending benefits to those whose payments have been exhausted.

BUC Administrator Donald B. Leach said the statewide survey will be made through questionnaires mailed out to individuals whose Social Security numbers end in "5," and whose benefits ran out between Jan. 1 and Nov. 30, 1960.

Only a few "yes" and "no" answers will be required, and they will relate to the individual's current employment status, if he or she is on relief, receiving financial aid from a relative or friend, whether retired, if seeking work, etc. Answers are to be summarized in statistical form, with those of other claimants.

Names will not be used in the study, expected to be completed early in March.

WSCS Group Organized at Five Points

Members of the Ladies Auxiliary of the Five Points Methodist Church voted to organize a Woman's Society of Christian Service organization last Wednesday night.

The Ladies Auxiliary met in the home of Mrs. Ernest Sheets.

Mrs. Herman Porter, president, opened the meeting with the Christmas story followed by prayer.

The secretary's report was given by Mrs. Arthur Winfough. Mrs. Francis Furniss voiced the treasurer's report.

A reading "Christmas" was presented by Mrs. Harry Dick. Mrs. Richard Redman read "The Power of Love" followed by the reading "You Are Never Too Young or Too Old" by Mrs. Clark Dennis.

Mrs. Emmett Gibson, Williamsport, Mrs. Wilma Shank and Mrs. Velma Yoder, Lancaster, were guests. They explained the purpose of the WSCS.

Officers elected to serve until June are: Mrs. Porter, president; Mrs. Clarence Finch, vice president; Mrs. Winfough, secretary; Mrs. Furniss, treasurer; Mrs. Charles Parks, cheer committee.

Mrs. Porter appointed Mrs. John Brown, Mrs. Paul Moore and Mrs. Ned Long as members of the nominating committee. New officers of the WSCS will be elected in April and take office in June.

The business meeting closed with prayer. A gift exchange followed around a gaily lighted Christmas tree.

Refreshments were served by Mrs. Sheets assisted by Mr. Turney Sheets and Mrs. Porter to 14 members and eight guests.

Star Mothers Entertain Over 200 Veterans

Over 200 patients of the Chillicothe Veterans Hospital were entertained Monday afternoon at the annual New Year's open house party.

The party was sponsored by Circleville Blue Star Mothers, Chapter No. 7. They served home-made cookies, coffee, mints and nuts.

Decorations, in keeping with the festive holiday season, were evident in the recreational room.

Mrs. John Ankrom was chairman of the event. She was assisted by Mrs. Bryan Russell, Mrs. R. D. Good, Mrs. Harry Melvin, Mrs. Howard Smith, Mrs. Harry Trump, Mrs. Getrude Eitel and Mrs. B. T. Hedges.

Mrs. Stout To Host Guild 39 Session

The home of Mrs. William Stout, 908 Lincoln Drive, will be the scene of Berger Hospital Guild No. 39 session at 8:30 p. m. Monday.

Mrs. Renick To Speak At Monday Club Meet

"The Tilted Cup" will be presented by Mrs. Tom A. Renick at the Monday Club meeting at 8 p. m. Monday in Memorial Hall.

You can add shredded coconut to a regular lemon filling for cake. Nice served with a topping of whipped cream!

Members extended special sympathy for the Rev. and Mrs. Donald Mitchell, concerning the death of his mother, who was a resident of California.

Miss Warner assisted by Miss Hulse, Miss Alda Bartley and Mrs. Ralph Boggs, served a desert course to the members.

Dear Abby...

By Abigail VanBuren

Give Her the Acid Test!

DEAR ABBY: My wife is 40 and I am 41. We have 2 children. My wife has had me believing for 22 years that she couldn't drive a car. I had to drive her everywhere she wanted to go.

Now get this. I just found out from a very reliable source that she has been driving 20 miles once a week to meet a certain man while she was supposed to be doing the marketing by bus. I am shocked and sick because a sweet wife never lived. She was a perfect mother and I never came home to find her gone. What do you think I should do?

IN A DAZE
DEAR IN: Ask her if the story is true. (Not all "reliable sources" are reliable.) If she's been living a double life, put aside your own hurt and bitterness and do what is best for your family. Forgive her. And having forgiven her—don't mention it again.

DEAR ABBY: I am a young man who is five feet, five inches tall. I am marrying a girl who is exactly my height in her stocking feet. When we would go anywhere she'd wear flats because it bothered her to be a little taller than I. It never bothered me, and for my part, she could have worn high heels.

We are being married soon, and she wants to wear high heels for her wedding. This is fine with me, but here's the catch. She wants ME to get a pair of those phony elevated shoes. I told her I wouldn't do it. Do you think I am wrong?

FIVE FEET FIVE
DEAR FIVE: No, I think you're right. If she wants to start her

Ladies Night Slated at Kiwanis Meet

"Ladies Night" will be featured at the Kiwanis Club's Presidents' Party Monday night.

The dinner meeting will be held at 6:30 p. m. in the Presbyterian Church.

A special program will be presented by Tom Powell, Columbus. Mr. Powell is in the College of Denistry at Ohio State University.

Harold Clifton stated that the program will be highly entertaining.

Mt. Pleasant WSCS Reschedules Meet

Mt. Pleasant Methodist WSCS meeting which was scheduled Tuesday has been postponed until next Tuesday. The session will be held at 1:30 p. m. in the home of Mrs. Frank Palmer, Route 2.

Williamsport League To Meet Wednesday

The Child Study League of Williamsport will meet at 8 p. m. Wednesday in the home of Mrs. William Rhinesmith. The program will be in charge of the Philantropic Committee.

Guild 21 Cancels January Session

The January meeting of Berger Hospital Guild No. 21 has been cancelled. The February session will be held in the home of Mrs. B. B. Defenbaugh, Circle Drive.

'Time' Is Topic Presented At Loyal Daughters Session

"Time" was the program topic presented by Mrs. Porter Martin Tuesday night at the Loyal Daughters Sunday School meeting of the First EUB Church.

Mrs. Martin chose "Take Time To Be Holy" as the opening selection in song. Mrs. O. F. Gibbs assisted with the program.

Mrs. Martin stated: "Nothing in life is so valuable as time. The time that we have may be converted into every value known to man.

With time, one can build a strong body, acquire a well furnished mind, cultivate a wholesome character, develop skill in or familiarity with literature, music and art and make lasting contributions to mankind.

Money may be lost and again regained. Health may be lost and later recovered. A house that burns may be rebuilt. Even a character may be restored.

Not so with time. Time spent is gone forever. Must we not make sure we spend it enduring worth?

God does not seek from us more than time rightly used can hold. The trouble is that people do. So we have to cultivate the ability to say no. We must learn to invest time wisely."

Mrs. Martin recited several scriptures in the Bible on time. She urged members to study and apply those scriptures to strengthen their daily Christian lives.

A film entitled "Jerusalem" was shown by Mrs. Gibbs. The song, "He's a Wonderful Savior to Me" was sung by the group.

Mrs. Arthur Wilkin, vice-president, conducted the business meeting. The secretary's report was

read; roll call given and birthdays were acknowledged.

Carrie Ater presented the treasurer's report. Class pins were issued to members who didn't receive them last Sunday.

Members repeated in unison the memory verse, sang the class song and prayed the Lord's Prayer.

The closing prayer was voiced by Mrs. Martin and Mrs. William Stewart.

A salad course was served by Agnes Nau, Mae Hawkes, Mary Tomlinson and Ruby McNeley to 19 members.

Spanglers Visit Son In North Carolina

Mr. and Mrs. Homer Spangler, 218 S. Scioto St., have returned home after spending the holidays with their son, Capt. Lyman Spangler and family, Ft. Bragg, N. C.

Capt. Spangler and family will leave Ft. Bragg, where he has been stationed for the past two years, to make their home in Ft. Bliss, Tex., in February.

121 West Main Street — Circleville

Kingston

Mrs. Eugene Stewart gave a surprise party for her daughter, Ann's 10th birthday on New Years Day from 2-4 p. m. Games and contests were enjoyed with prizes for the winners, and refreshments of ice cream, cake and candy were served to the following guests: Melissa Search, Suanne Knisley, Jody Kerns, Elaine Fisher, Christy Edler, Vicky Stimpert, Joyce Goodman, Becky Williams, Randy Stewart, Terry Stewart, and the honor guest.

Mr. and Mrs. Jack Sims and daughter, Jane Ann, had New Years Day dinner with Mr. and Mrs. Harry Sims.

Miss Virginia Morris entered Chillicothe Hospital on December 27, for medical care.

Dr. and Mrs. J. P. Gardner entertained several friends at a buffet supper at their home Sunday evening.

MR AND Mrs. Ernest Pennington (Bernice Hartman) of Circleville spent Thursday evening with Mrs. Fred Long.

Mr. and Mrs. Roy Friece were Christmas Day guests of Mr. and Mrs. Charles Search and children Mike, Melissa and Nancy.

Rex Taylor from Chillicothe spent a few days last week with his cousin, Bobby Meadows, and Mr. and Mrs. William Meadows.

Mr. and Mrs. William Meadows and son Bobby, were New Years Eve and overnight guests of Mr. and Mrs. Arthur Shonkwiler in Columbus.

A co-operative dinner and New Years Eve party, was held Saturday evening at the home of Mr. and Mrs. Raymond Davis, N. Main St.

Surprise guests were Old Father Time and the Little New Year, who created lots of laughs.

Those enjoying the evening were: Mr. and Mrs. Dwight Davis, Mr. and Mrs. John Thomas, Mr. and Mrs. Clarence Lyons.

Mr. and Mrs. Winston Hood, Mr. and Mrs. Robert Valentine, Mr. and Mrs. Tom Congrove and Mr. and Mrs. David Evans.

The chairman of the monthly committees met with the officers of the Ne Plus Ultra Sunday School class at the home of the president, Miss Mary L. Harpster, on Monday evening. Calendars for the year were made and plans for making money and increasing the membership were discussed.

Miss Harpster served cinnamon roll and coffee at the close of the meeting.

Mr. Louis Holderman, Miss Marvene Holderman, Mrs. John Bell all of Circleville and Mrs. Bernice Immell, Kingston, who drove to Florida, December 17 for the Christmas holidays, arrived home January 2.

While in Florida they visited Mrs. Immell's brother-in-law and sister, Dr. and Mrs. Thomas Simons and her brother and sister-in-law, Mr. and Mrs. Wallace Evans.

Mr. and Mrs. Paul Janes and children, Kathy and Kevin and Mrs. Effie Norman of Hallsville were New Years Day dinner guests of Mr. and Mrs. Donald Counts near Chillicothe.

Mrs. Lloyd Evans was in Athens, Monday, to visit her sister, Mrs. Carl Stickney, and brother-in-law, Mr. Stickney, who is critically ill in the hospital there.

Mr. and Mrs. John Bright and Johnny and Mrs. Cecil Bower left on Wednesday after Christmas to spend a week with Mr. Bright's parents, Mr. and Mrs. Harold Bright at Carthage, Mo.

Tax Experts Available

Willard Bannister, administrative officer of the Internal Revenue Service, today announced that the Chillicothe office, located at 81 S. Paint St., Chillicothe, will be prepared to assist taxpayers with their current income tax questions each Friday from today through April 14, during the hours of 8 a. m. to 11:30 a. m. and 1 p. m. to 4:30 p. m.

Assistance will also be available during these hours on Wednesday February 14, and Monday April 17.

"All returns in this area should be mailed to the District Director, Internal Revenue Service, Cincinnati, where they will be initially processed."

April 17, 1961 is the deadline for filing personal income tax returns.

"Many taxpayers come to our office with questions that could be answered by telephone in a few seconds and it would save time and energy if they used the telephone service," Bannister said. The telephone number on "taxpayers' assistance" days is Chillicothe Prospect 3-3386.

"A taxpayer needing assistance in the preparation of his return will receive more prompt assistance by preparing as much of his return as possible and by not waiting until the last minute," Mr. Bannister said.

CIRCLEVILLE, OHIO

Court Collects \$5,350 during Past Month

Circleville Municipal Court finished off the year 1960 by collecting a total of \$5,350.05 in fines, costs and bond forfeitures during December.

The City of Circleville's share of the money amounted to \$2,777.88. The total disbursement showed \$1,492.62 earmarked to Pickaway County.

Another major share, \$1,003.14 went to the Auditor of State. This money stems from 45 per cent of State Highway Patrol fines and bond forfeitures collected by the court.

Cases filed before the Municipal Bench during December numbered 157. The court disposed of 112, including some filed previously.

THE court's regular monthly report showed six cases in which all or part fines and costs were suspended. Money expended in these cases amounted to \$219.

Six civil cases were filed during the month and disposition was reached on nine. Costs due the city from civil cases totaled \$105.40.

Clinton Base Is Pondered By Legislature

COLUMBUS, Ohio (AP) — The Ohio Legislature has been asked to take a critical look at a federal order which would transfer an aerial group from the Akron to the Wilmington area. The legislation appeared with:

The offering of a resolution by Rep. Thomas L. Thomas, D-Summit, in the House protesting the planned removal of the 145th Aero-medical Transportation Squadron of the Ohio Air National Guard from the Akron-Canton Airport to the Clinton County Air Force Base. He said the move would involve about 400 men.

Final determination has not yet been made, but the indication of the move came from Maj. Gen. Loren G. Windom, Ohio's adjutant general. The Air Force in Washington has announced it is transferring the refueling tanker group from Clinton County AFB, near Wilmington, but reserve training will continue at the field. For years, Clinton County AFB was an all-weather training base for Air Force pilots.

Gov. Michael V. DiSalle has said with respect to the proposed transfer that "eventual determination will be predicated on what is considered practical for the welfare and defense of the United States."

Common Pleas Court Disposes Of 18 Cases

Pickaway County Common Pleas Court disposed of 18 cases during December according to Clerk of Courts records.

A total of 13 new cases were filed last month; five criminal, one domestic relations and seven other civil suits.

Of the total disposed cases, four were domestic relations; four other civil suits and ten criminal cases. Cases pending as of December 1, were 199; thus leaving 194 cases pending December 31.

Twelve of the disposed cases were tried to court; one tried to jury; four were settled or dismissed and one was a conviction or default judgement.

A total of four cases is still pending for the Court of Appeals. There were no cases filed or disposed of in the Appeals Court during December.

The unusual variety of soil, climatic, and water conditions makes it possible to raise 269 different crops in California.

Driver License Not as Easy To Get as in Olden Days

By WAYNE WARGA
COLUMBUS, Ohio (AP) — The unhappy man next to me said it was "just like joining the army," and I could only nod my head in agreement. My beleaguered companion and I were getting bona fide Ohio driver licenses. It was no simple task.

The Ohio Department of Highway Safety and its enforcement arm, the Highway Patrol, are many things—efficient, industrious and intelligent. They are also hopelessly undermanned and unequipped when it comes to issuing a drivers' license. And they're the first to admit it.

We were given our tests in a dingy little bungalow, much too small for the group of people it holds. Examiners, under the pressure of time and completely outnumbered, were forced to abandon common courtesies for an efficient gruffness, often mistaken for rudeness.

Last June a new law went into effect requiring all unlicensed drivers and drivers with expired licenses to take a "pre-examination." This examination is written and visual. You are issued a learner permit which allows you to drive only with a licensed driver. It is valid for six months.

But, before your learner's permit is valid, you must find a deputy registrar who will issue your preliminary license. This entails a small fee of 75 cents and a seemingly unnecessary trip to another part of town. All 500 deputy registrars in Ohio seem scattered as far away as possible from the Highway Patrol offices.

Next step in the process is your

driver's license which you may obtain anytime after your visit to the deputy registrar. Some 25-40 per cent of the pre-examined group never return for the driving test.

Because of the volume of people taking the examination, you are usually required to call your testing bureau and make an appointment. While the written examination is comparatively simple, the actual driving exam is a difficult thing. The Highway Patrol wants to cut down on the number of accidents, and they're making progress.

As you drive around the block making left hand turns, right hand turns and properly observing stop signs, the instructor tells you to park your car at a designated area. It isn't easy, and according to High Patrol Supt. S. B. Radcliffe, most people can't do it correctly.

If you fail the final test, you have four more chances, then you must wait one year before you try again.

Last year 510,000 Ohioans took the exam and 177,000 failed it. If you pass, your license will be good for three years and will expire on your birthday. Should you fail to renew it within six months, history will repeat itself and you'll start with the pre-examination.

Before you can use the license, you return to the deputy-registrar who, for a slightly larger fee of \$1, will give you a license—good until your permanent license reaches you.

Supt. Radcliffe and C. W. Ayers, Bureau of Motor Vehicles registrar, both agree that central is-

suance of drivers license would be a good idea—providing the cost isn't prohibitive. The compensation could come from increasing the cost of a license from a total of \$1.75 to a slightly higher fee.

It would, at least, eliminate two seemingly useless trips to the deputy registrar. An applicant could then obtain the essentials of the written examination and driving test in just two visits to the same offices, instead of the present extra two or additional offices. The Ohio Legislature can change the law.

Citizens complain about the spread-out methods of licensing, but they complain even more about the difficulty of the tests.

Ayers said the complaints are a good thing—"People will know that a driver's license isn't as easy to get as it used to be," he said.

And maybe they'll become safer drivers too.

School News From the Area

Ashville High School students having a 3.0 grade average for the second six weeks are listed as follows:

Freshmen: Patti Barr, Jim Beatty, Judy Cline, Martha Courtright, Carl Cummins, John Cunningham, Dennis Founds, Sherri Kitchen, Crystal Lowe, Yvonne McClurg, Nancy Petty, Robert Roof and Nancy Tosca.

Sophomores: Janet Bausum, Kathy Courtright, Joyce Griffith, Robert Griffith, Tom Keal, Terry Reed, Rebecca Rockey, Sonny Roof, Luther Schwalbach, Ellen Snyder, Douglas Wilkins, Carol Wylie and John Wylie.

Juniors: Barbara Barch, Charles Frank, Katharine Gardner, Paula Gregory, Mary Jamison, Jackie Kitchen, Shariene Lowe, Carolyn Lucas, Judy Moss, David Newton, Jim Rathburn, Verna Reynolds, Margaret Shirey, Kathy Stout, Marty Young and Ronald Youngkin.

Seniors: Jim Brown, Linda Baum, Janet Cline, Bill Cromley, Teresa Cummins, Dorothy Dickinson, Marty Dore, Jim Franks, John Garner, Nancy Harris, Barbara Hickman, Butch Lockwood, Dianne Mallory, Jim McCord, Mike Purcell, Harry Rainey and Hannah Swank.

Oberlin College Gets Another Carnegie Grant
OBERLIN, Ohio (AP)—Oberlin College said today the Carnegie Corp. of New York has granted the college \$90,000 to continue its support of the summer foreign language programs in Austria, France and Mexico for the next three years. The first Carnegie grant of \$23,650 was given last year.

Steel Industry Spending Due For Slight Dip

NEW YORK (AP) — Capital spending by the steel industry is due to slip in 1961, Iron Age Magazine said today.

The weekly metal working publication concluded:

1. Probably to about \$1 billion. (Companies started 1960 with plans to spend \$1.6 billion; by October the figure had been shaded by \$1 billion).
2. Spending will aim at quality, uniformity and efficiency rather than expansion.
3. Mills will concentrate on facilities used when operations drop under 70 per cent on capacity.
4. Increased investment in foreign facilities is likely.

"A brightening in market prospects," Iron Age said, "could change things in a hurry. The mills have big programs being held up because of the sale slump. They are acutely aware of the need to modernize."

"The magazine said cost pressure probably would be the biggest factor in 1961 capital spending. Close behind will be market pressure for better quality and new products."

No Evidence of Fraud Found in Warren Poll
WARREN, Ohio (AP) — Secretary of State Ted W. Brown said here Wednesday that he had seen no evidence of fraud thus far in the November balloting for Trumbull County commissioner. In the election Joseph J. Baldine, Democrat, was defeated by Dr. W. A. James, Republican, by 29 votes.

Browns statement came after 2,300 absentee ballots were examined by members of the State Bureau of Criminal Identification. Baldine claims of fraud involved absentee ballots.

Weekly Food Review

By THE ASSOCIATED PRESS
You'll find a variety of offerings this weekend at your supermarket or neighborhood grocery meat counter.

There are such diversified offerings as beef, pork, lamb, veal, fish and, broiling and frying chickens.

Broilers and fryers are plentiful and running well above a year ago because of recent 15 to 20 per cent increases in chick placements. Prices this week are up 2 to 4 cents a pound in some areas, down 4 to 10 cents in others.

Leg of lamb is the feature in some parts of the East and Midwest, while lamb chops also are pushed in a few sections. Cuts of beef run more to the expensive items such as sirloin steak and top round rather than to chuck roast. Pork specials are limited to the small smoked picnics or shoulder roasts.

Fish fanciers can choose from among shrimp, scallops, cod steaks, halibut and flounder fillets.

Best buys among vegetables this week are nearby beets and carrots where they're available. Florida celery, red and Danish varieties of cabbage from western New York State, Chinese cabbage from Florida, potatoes, sweet potatoes from North Carolina, endive, escarole, radishes, fall squash, leeks, mushrooms and parsnips.

Bunched beets from Texas and

Arizona are a good buy, along with anise, artichokes, broccoli, brussels sprouts, California celery, leafy greens from all over, spinach, summer squash, iceberg and romaine lettuce from California, Florida and Arizona, corn, peppers and tomatoes.

Middletowner Accused Of Forging U.S. Check
CINCINNATI (AP)—James Troy Risner, 38, of 1306 Fairmount St. Middletown, waived a hearing here Wednesday when he was arraigned before U. S. Commissioner Graham P. Hunt Jr. on a charge of forging a \$50 U.S. Treasury check more than two years ago. Risner's bond was fixed at \$2,000. He was arrested by Secret Service agents in Middletown Wednesday.

SPORTS

The Circleville Herald, Thur. January 5, 1961

Hillsboro Invades CHS Gym Friday

Circleville High School's basketball force will head into the 1961 portion of its season looking for better things to come.

The Tigers will greet the second half of the season Friday when the highly regarded Indians of Hillsboro invade for an SCO test. The following night they host Paint Valley.

To date the Tiger cagers have won one and lost five. The one win was an SCO victory over Washington C. H., but three of the losses have been to Wilmington, Pleasant View and Miami Trace in league play.

Relying on sophomores, juniors

and one senior, the Tigers have faced their problems, but also have shown spurts of solid play which is an indication they may blossom before the season is over.

THE best offensive gun so far has been Sam Weller, a junior who has been hitting consistently in double figures. Bruce Barnes, the only starting senior, has hit well at times and poses a constant threat to opponents when his jump shot is one the mark.

Dick Kline and Luther Johnson, both juniors, also can hit from outside and under. Two sophomores showing constant improvement are Clesson Thomas and Garold Dade. Another heavy duty performer is Jimmie Wellington, a fiery guard.

Hillsboro will roll into town sporting a 3-1 league mark. The Indians' only defeat was a loss to Wilmington which has won five league games without a setback.

The Indians, seeking to remain a strong contender for league honors, will be determined to make the Tigers their fourth loop victim.

Aware that anything can and usually does happen in the SCO cage picture, Coach Dick Snouffer's force will strive to strike a comeback trail. If the locals have their shooting eye and can avoid disastrous personal fouls, the Friday contest could stack up as one of the most interesting of the season to date.

Other SCO games Friday find Miami Trace at Greenfield, Franklin Heights at Pleasant View and front running Wilmington at Washington C. H.

Following the Paint Valley game Saturday, the Tigers travel to Franklin Heights Tuesday night for a game moved up from February 14. The test was rescheduled in that the locals already were slated for two games that week — Miami Trace here February 17 and at Hillsboro the following night.

Circleville's last victory was December 17 at Dayton Fairmont. The Tigers took the match, 29-14, to gain revenge against the only team to defeat them in dual competition last season.

EARNING pins at Dayton were Jack Cook, Dave Troutman, John Williams and Rupert Rudd. Gaining decisions were Tim Mogan, Bob Owens and Chuck McDowell.

Next week the Tigers face another Columbus opponent when Upper Arlington comes here Friday for an engagement. This match starts at 4:30 p. m.

Three County League Tests Slated Friday

Most Pickaway County and area basketball teams are putting the finishing touches on practice this week in preparation for games Friday.

Heading the list are three Pickaway County League tests involving Williamsport at Darby, Jackson at Scioto and loop leading Logan Elm at Monroe. Walnut travels outside the circuit to Pickerington and Ashville is not scheduled until Saturday night at Madison South.

Another top notch game will find Bremen at Amanda-Clearcreek in a test which could have a bearing on the final Fairfield County League outcome. Both teams go into the battle with 3-0 loop records.

Prominent Ross County games will find Centralia at Paint Valley and Huntington at Kingston.

In addition to the Ashville-Madison South game Saturday, Darby is scheduled at The Plains of Mt. Sterling. Carroll invades Logan Elm and Monroe goes to Scioto.

Louisville Sox Go Unwashed, Team Unbeaten

Superstition Honored As Cardinals Chalk 12th Win in Row

By THE ASSOCIATED PRESS
Louisville's superstitious Cardinals remain members of the Shaky Six—major college basketball's remarkably small list of unbeaten—today after the kind of a comeback that may mean Fred Sawyer's socks will go unwashed all year.

The Cardinals fashioned a whirlwind finish to win their 12th in a row, 70-69 over Eastern Kentucky Wednesday night.

Sawyer, who claims he won't change his socks or wash 'em while the Cards are winning, contributed only three points to the victory that kept fourth-ranked Louisville in the winning class along with Ohio State, Bradley, Auburn, Vanderbilt and DePaul.

Louisville survived on a heavy college basketball night that saw activity both in the bigtime conferences and on the independent front.

Wake Forest, sinking 65 per cent of its second half shots, won its fourth straight Atlantic Coast Conference game, 81-59 over Clemson as Billy Packer hit for 23 points and Len Chappel for 18.

Joe Markee's 16 points and 11 rebounds led Davidson to a 54-45 Southern Conference decision over William and Mary, and Texas, with Mexico Olympic Al Almanza scoring 17, rallied to open defense of its Southwest loop crown with a 68-58 whipping of Arkansas.

Defending champion Princeton crushed Columbia 76-66 in its Ivy opener. Winless Dartmouth beat Harvard 68-61. Cornell surprised Penn 65-60 and Yale downed Brown 75-67 in other Ivy games.

Away from the conferences, Bruce Applegate's driving layup in the last second of a second overtime game Miami of Florida (8-2) a 102-100 decision over Miami of Ohio, and Jimmy Huggard had 28 points and Hubie White 27 in Villanova's thumping of highly regarded Detroit, 81-69.

Gary Roggenbuck hit for 26 points as Dayton (7-2) beat Canisius for the ninth straight time 86-63, and Don Kojis scored 25 points and grabbed 24 rebounds in Marquette's 83-71 victory over Chicago Loyola.

Another of the nation's top scorers, Terry Dischinger, hit for 26 as Purdue toyed with Creighton 91-72. Billy Hoy's 30 points led St. Joseph's 72-71 overtime triumph over Seton Hall, and Henry Hoskins fired 29 of his 33 points in the first half as Alabama (2-8) toppled the Southern Conference leader, Virginia Tech, 74-56.

Armand Rio's 20 points were tops for Notre Dame in a 72-56 verdict over Butler, and Army tied a school-scoring record with a 101-80 rout of Rochester. Dick Fisher hit a layup with two seconds of overtime left for Tennessee's 70-68 victory over Florida State and Mike Rice scored 31 points before being tossed out for fighting in an 87-57 Duquesne romp over Geneva (Pa.).

Hofstra, No. 2 small college team, rolled to its 23rd straight victory, crushing major college Manhattan, 90-66.

Cincinnati Man, 22, Held in Gun Accident

CINCINNATI (AP) — A manslaughter charge has been filed against Kenneth Lundy, 22, in the fatal wounding of Barbara McGee, 22. Miss McGee died Wednesday after having been shot Monday.

Lundy claimed the gun accidentally discharged as he was showing it to the young woman.

Mid-America Cage League Opens Play; Dayton Romps

By THE ASSOCIATED PRESS
Three Mid-American Conference games and a Dayton romp over Canisius highlighted Wednesday's Ohio college basketball activity.

In the conference action, Ohio University, the defending champs, whipped Marshall 88-79. Toledo beat Kent State 62-57, and Bowling Green rolled over Western Michigan 78-56. Toledo with 3 wins, no losses, and Ohio U., 2-0, pace the MAC.

Dayton crushed Canisius 86-63 to extend its wins over the Golden

Griffins to nine against no defeats. In the only out-of-state game, Miami of Ohio lost a lulu to Miami of Florida 102-100 in double overtime.

Ohio's Bobcats, matched by Marshall's field goal shooting at 40 per cent, used the backboards to good advantage by outbounding the Big Green 66-41. Larry Kruger topped the winners with 23 points, while Marshall's Mickey Sydenstricker took game honors with 24.

Toledo overcame a 33-32 half-time deficit and a 23-point effort by Kent State's Pete Baltic to win its eighth straight game in nine starts. Ralph Lewis led the Rockets with 18 points.

Bowling Green's win was its first conference game of the season. Western Michigan shot only 16 per cent during the first half, enabling the Falcons to build up a 39-20 intermission margin. Bowling Green's Nate Thurmond collected 24 points.

Canisius tried pressing tactics on Dayton when the Flyers came out for the second half with a 37-30 advantage, but Dayton men kept driving past Griffin defenders for layups. With 17 minutes to go, Dayton had surged to a 50-36 lead, and it was no contest from then on. Garry Roggenbuck led the winners with 26 points and Bill Westerkamp added 24. Tom Chester paced the losers with 32.

A driving layup by the Hurricanes' Bruce Applegate in the last second of the second overtime spelled the difference between the two Miamis, even 81-81 after regulation time and 92-92 after one overtime. Applegate also had knotted the count in the last two seconds of the first overtime.

The Ohioans' fast break put them ahead by eight at the intermission. They regained a five-point lead with 1:15 left in the first overtime but couldn't hold it. The Redskins' Dave Zeller with 28 and Vern Larson with 26 were the games top scorers.

In the other games, Youngstown won its fifth straight at home, downing Muskingum 76-59. Wittenberg extended its home winning streak to 40 straight by crushing Franklin of Indiana 80-42. Defiance handed Adrian of Michigan its first defeat in six games 75-50 and Mount Union slaughtered Edinboro (Pa.) Teachers 90-54.

Wittenberg's Bert Price and Mount Union's Ray Peoples each scored 27 points, but the night's best sharpshooting was by Youngstown's Tom Getch. He swished 15 of 17 field goal attempts, including a run of 12-for-12, in tallying 32 points.

Two Keglers Pass 600 in Classic

Junior Fowler and Bob Callihan both passed the 600 mark in Classic Doubles bowling last night at Circle D Lanes.

Fowler accumulated a 626 series on games of 213, 212 and 201. Callihan was close behind with a 181-205-226-612.

Other highs included Larry Dietrich 589, Bill Dietrich, 581, George Ramey 556 and Lloyd Williams 543.

John (Whack) Hyder is in his tenth season as basketball coach at Georgia Tech.

Cage Games This Week

Friday
Hillsboro at Circleville
Williamsport at Darby
Jackson at Scioto
Logan Elm at Monroe
Walnut at Pickerington
Bremen at Amanda-Clearcreek
Centralia at Paint Valley
Huntington at Kingston

Saturday
Paint Valley at Circleville
Ashville at Madison South
Darby at The Plains
Carroll at Logan Elm
Monroe at Scioto

Ralph Isaac Gets 535 High Series

Ralph Isaac's 535 constituted high series in Early Wednesday bowling at Circle D.

Posting 529 sets were Dick McColister and Charles Dunkle. Walter Leist had a 527.

The 7-Up team was high for a single game with a 951. Circle D finished with 2,690, high for the series.

Pat Easterday Chalks High Game

Pat Easterday's 208 was high single game in Prairie Gals bowling this week at Prairie Lanes. She is with the Blue Ribbon Dairy team.

Stella O'Hara of Circleville Hardware posted high series with 504 pins for the set.

Circleville Hardware had the highest team single game on a 754. Janet's Beauty Salon copped team totals with 2,129 pins.

The standings:

	W	L
GE 2	21	21
GE 1	22	22
Tinks Tavern	25 1/2	24 1/2
Circleville Hardware	29	25
Circleville Metal	29	25
Janet's Beauty Salon	29	25
GE 3	29	25
DuPont B	27	27
Eloise Beauty Salon	27	27
GE 4	27	27
Coca Cola	26 1/2	27 1/2
Blue Ribbon Dairy	25	29
General Telephone	24	30
DuPont A	23 1/2	30 1/2
Dean's Potato Chips	22 1/2	31 1/2
GE 4	21	33

Fowler Holds 202 Tourney Average

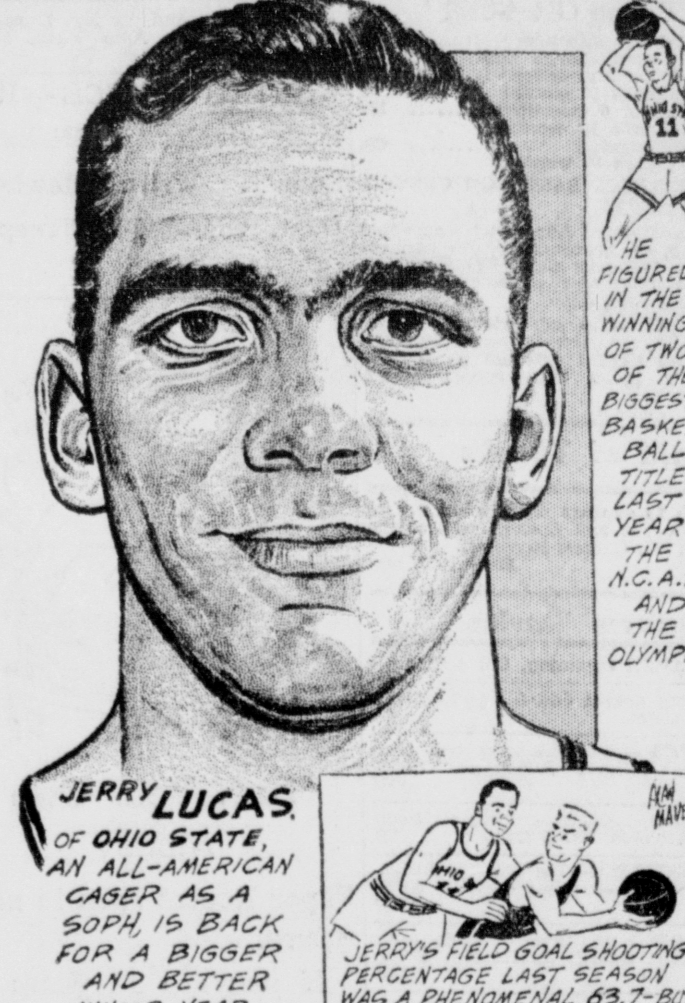

Junior Fowler, holding a sizzling 202 average, leads the first round of bowling in the Merchants Holiday tournament at Circle D Recreation.

Bowlers have rolled six games in the tourney and Fowler leads the pack with a hefty total of 1,214 pins. Finals will be held starting at 2 p. m. Sunday at Circle D Lanes.

Fowler has tossed games of 202, 200, 226, 170, 201 and 215. Other high averages on down the line are Mike Brown 188, Bill Dietrich, 186, Dave Olney 181, Glen Weiler 180, Tom Evland 179, Rick Spires 175 and Owen Fullen 172.

Morris MacDonald was the only driver to win both ends of the daily double on two occasions at the Yonkers, N. Y., harness track last week. He performed the feat within nine day in October.

Views on TV - Radio

By CYNTHIA LOWRY
AP TV-RADIO WRITER

NEW YORK (AP)—One of the dirtiest tricks a television reporter can play on the medium's performers (and certainly on press agents) is to recall after a show has made its debut some of the advance promises they made about it.

Last August, in Hollywood, this reporter talked with and wrote about many stars and stars-to-be and the series which were soon to be launched on the networks.

The head man of a Western told me he believed his series would prove the most adult and shocking—"hard and realistic"—ever to win a prime-time spot. It turned out to be just another 30-minute horse opera and has been canceled.

The young actor playing a lead role in another Western told me confidently that he chose the role because it would make him, inside a year, a "sex symbol comparable with Elvis Presley." It shows no signs of doing so and the show slipped into the TV stream without causing a ripple.

Therefore, it is with understandable cynicism that this reporter passes on the word that Nanette Fabray thinks that her new comedy series which bows in Friday night on NBC (8:30-9 Eastern Standard Time) contains "the best material I've ever had in my life."

Miss Fabray, an extremely talented performer and a most ingratiating young woman, may be right. But even if she is exaggerating, she may be forgiven: The series was created and many of the scripts were written by her husband, Randal MacDougall, and the idea is based on the home life of the Randal MacDougalls.

Recommended tonight: "CBS Reports, 10-11 Eastern Standard Time—"The Beat Majority," an analytical report on election procedures with Edward R. Murrow and Bill Leonard handling the commentary.

Senior Bowl Players Set For Final Prep

MOBILE, Ala. (AP)—North and South squads faced their final extended workouts today in preparation for Saturday's Senior Bowl football game.

North Coach Jim Lee Howell and South Coach Weeb Ewbank apparently had sorted through their 25-man squads and were just about ready to assign starting posts on offense and defense.

Both gave considerable attention to their defensive lineups Wednesday. Ewbank, the Baltimore Colt coach, came up with a four-man forward wall of ends Taz Anderson of Georgia Tech and John Brewer of Mississippi and tackles Billy Shaw of Georgia Tech and Mike Zeno of VPI, averaging 230 pounds.

His linebackers also averaged out at 230, including middle man E. J. Holub of Texas Tech, and Tom Goode of Mississippi State and Bo Strange of Louisiana State.

These seven gave the Rebels a distinct weight advantage over the Yankees, who will average 221 for the four forwards and 219 for the linebackers.

Howells men up forward will be Fred Mautino of Syracuse, Roland McDole of Nebraska, Harold Beatty of Oklahoma State, and Joe Dean of Ohio University. Those tabbed for linebacking duty were Fred Hagman of Kansas, Carl Kammerer of College of Pacific, and John Murray of Toledo University.

The game will be televised nationally by NBC. Kickoff is scheduled at 2:30 p.m., CST, with about 40,000 fans expected.

Ruby Chester Paces Scioto Pin Team

Ruby Chester rolled top scores in the Roundtown Women's league this week at Circle D with a 166 single game and a 440 series. She bowls for Scioto Building & Loan.

The Scioto team finished high for a single game on a 675. The Herald was top series team with 1,906 pins.

June Adams of Scioto turned in an accurate throw by picking up a 6-10-7 split.

In his first varsity soccer game for Cornell, sophomore Alex Champion kicked four goals against Pennsylvania.

AUTO SUGGESTION—Danny Schneller gives a look-see at the old fashioned automobile his dad Ben made in their yard in Denver, Colo. It appears to have everything, including a cold engine.

Pickaway Grange

SCIOTO VALLEY GRANGE

The members of Scioto Valley Grange enjoyed a combined Christmas and New Years party in conjunction with their last regular meeting. Forty-five members and guests were in attendance.

Master Bumgarner presided over the business session at the meeting held on December 27.

Several season greetings were read by the secretary, Chester Fausnaugh thanked the grange for the cards and fruit sent him during his recent hospitalization.

Master Bumgarner reported on the box of bananas purchased by the grange for the inmates of the county home for the Christmas season.

It was announced that the county Ritualistic Contest on the opening and closing of grange meetings would be held in January with a definite date set after receiving word from the Judges. Scioto Valley Grange Hall was offered for the contest meeting.

Recreation was provided by Larry Hines for the members and guests. For an opener, the group was asked to find their place in a group by matching Christmas songs, after which each group was asked to sing their respective song.

THE GROUP was then divided into two groups with each choosing a proverb and the individuals singing only one word to the tune of "Jingle Bells", the opposite group trying to guess their proverb.

After several group dances, some of the members enjoyed some square dancing.

Refreshments for the social hour were brought by each family. They consisted of sandwiches and Christmas cookies. The beverages of coffee, tea and chocolate milk were served by the December committee with Mrs. H. A. Bumgarner as chairman.

Car Thief Nemesis

LOSES TO CAR THIEF

LONDON (AP) Do-it-yourself expert Barry Bucknel devoted his weekly television program last week to a demonstration of how to beat car thieves.

He showed viewers an alarm system he had rigged on his auto so that a hooter sounded if the door handles were tampered with.

Tuesday someone stole a movie projector and a collection of movies from his locked car.

New Year's Babies

NOT NEW TO THIS PAIR

CAMPTON, Ky. (AP) — Mrs. Ollie Dunn of Lee City and Mrs. Silas Haddix Jr. of Campton weren't too excited when their babies were born New Year's Day.

Mrs. Dunn also has a child of 2 and Mrs. Haddix one of 6, both born on New Year's.

Grocery Thug Gets

Only Sore Fingers

AKRON, Ohio (AP)—A young gunman who tried to rob Mrs. Gilda Smith, 37-year-old operator of a small grocery in East Akron, Tuesday got nothing but sore fingers for his troubles.

Mrs. Smith said she noticed when the man reached into the open cash register that the gun he pointed at her was only a toy. She said she told the man, "Oh, you're kidding!" and slammed the drawer on his fingers. The young man ran out of the store.

Chillicothe
OU Branch
Reconvenes

The Ohio University Branch, Chillicothe, will begin its second semester February 1.

An English placement test will be given all students who plan to include English in their schedule. The placement test will be given at 6:30 p. m. January 31, at the Branch Office in the Chillicothe High School.

The test determines whether an English I (non-credit) course will be taken before the regular English III course can be included in a schedule.

Many subjects in most fields are being offered by the branch. The present schedule calls for classes to begin at 8 a. m. with English IV Monday through Friday. The latest class, Chemistry lecture, is set for Wednesday at 8 p. m.

INCLUDED in the present curriculum is Geology IV, a composition course; Geology IV: Principles of Psychology; Fundamentals of Music; Principles of Economics, Education; Fundamentals of Speech; Mathematics; US History, Tax Accounting; and other subjects in the College of Education.

All courses offered by the OU Branch are college credit, which the exception of English I.

How Weather
Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Scattered snow flurries persisted in the extreme northeast until midnight, with clear skies prevailing over the rest of the state during the night.

Coldest weather in the state was over the east central portion, where the mercury dipped to 3 below zero at Zanesville, and 4 above in Columbus.

A warm front advancing northward crossed the state, resulting in contrasting temperatures of 31 at Chesapeake and 27 at Cincinnati. Readings over the northern counties were mostly in the teens.

A warming trend will begin over the state today, and will continue tonight and Friday. Fair skies will prevail today and tonight, and over the north portion Friday, with cloudiness spreading over the south portion then.

Temperatures today will comb into the 40s in the western counties, and into the upper 30s in the eastern section. Tonight's readings will be mostly in the 20s.

**Arraignment Awaited
In Slaying of Woman**

CLEVELAND (AP) — Herbert Hoover Huffman, 32, of Fayetteville, N.C. has indicated to police he will not fight extradition to Illinois on charges he tortured and killed a woman in a Chicago hotel room on July 1, 1959. Huffman was scheduled for arraignment in Municipal Court today on a fugitive warrant. He was arrested here Dec. 29 after being on the FBI's list of 10 most wanted criminals for about 10 days.

America's national forests cover 181 million acres, about one acre for every U.S. citizen.

GERTRUDE, DON'T YOU JUST LOVE OUR NEW CHORE-BOY MILKING SYSTEM?

OH YES—THAT GENTLE LOW-VACUUM IS SIMPLY WONDERFUL!

CHORE-BOY MILKING SYSTEMS

If cows could talk they would probably ask for Chore-Boy's gentle, low-vacuum milking.

The natural soothing action allows the cow to completely relax. She lets her milk down faster, without injury to the delicate membranes of the teats and udder. This helps to eliminate a major cause of mastitis.

Put pleasure and profit in your dairy operation with a Chore-Boy Milking System.

We Sell and Service

- CHORE-BOY HERRINGBONE PIPELINE MILKING SYSTEMS
- AROUND-THE-BARN PIPELINE SYSTEMS
- MILKING PARLOR STALLS
- LONG AND SHORT-TUBE MILKERS

It's Nice, Warm Working
Under Winterish Ohio River

CINCINNATI (AP) — It's cold down the Ohio Valley now, but under the Ohio River it's warm, plenty warm.

Muscular construction workers clad in light clothing plod through shallow muddy puddles, perspiration streaking their faces.

Seventy feet above them, snowflakes disappear in the wind-whipped waters of the Ohio River.

Warmed by the heat of the earth around them, the workers will soon complete a 3,000-foot tunnel under the river at nearby California.

The tunnel is part of a \$6.7 million expansion program to meet the water requirements of this growing residential and industrial area for the next half century.

Blasting operations in the tunnel ended last March. Since then, work crews have been lining the passage with a vast ring of concrete, with one-foot thick walls. The ring now stretches almost the entire length of the tunnel.

When complete, the passage will be sealed off until spring. A heavy metal plug, to be lodged in the intake shaft, will remain in place until removed by a diver next year.

During the winter months, work will be centered in the pump station pit situated on the Ohio shore about 1,600 feet from the river edge.

The new project is separated from the system now in use by 50 years of engineering progress.

For instance:

The new tunnel is lined with concrete, while the old water works intake passage was composed of two rings of bricks welded by cement.

The huge caisson which will house powerful pumps is made of concrete, while the present pump station stands above a caisson constructed of wood and masonry.

During excavation, a diesel-powered railroad was used to haul dislodged rock. Mules pulled the cars during the project at the turn of the century.

The water intake will be submerged in the river. The intake now in use was built in a tower like structure which juts out of the river and is connected to land by a bridge.

Unlikely as it may seem, the work crews encountered little water trouble during round-the-clock digging under the river. Gus

Dauner, who is supervising the work, termed the tunnel "one of the driest we have ever had."

He said, "The only water we had was what we brought down to settle dust after blasting."

The passage was blasted in shot of 175 pounds of dynamite each. A single shot shook loose a cylinder of rock eight feet long and 13 feet in diameter. In all, 17,500 cubic yards of rock came out.

Project engineers, using plumb lines suspended from the surface through small vertical shafts kept the tunnel on course. The final shot opened a hole almost exactly on the mark where the tunnel meets the intake pit.

Ventilation, much improved over the years, was most important during blasting. Large fans created a circular draft during normal work, but were reversed after each blast to push out acrid fumes rapidly.

Concrete for lining was forced down pipes from the surface and blown between wooden frames.

The tunnel is 10 feet in diameter. The increased width combined with more powerful electric pumps will enable the system to draw 240 million gallons of water from the river daily.

Four pumps will be installed in the caisson next year.

Officials expect the new system will begin operation in mid-1962.

Bliss Boomed
As National
GOP Chairman

WASHINGTON (AP) — Ray Bliss, Ohio GOP chairman, was asked Wednesday if he would take the job as next chairman of the Republican Party.

His reply:

"Not in the foreseeable future."

Bliss' comment came after Rep. Clarence J. Brown, R-Ohio, proposed his name as an excellent candidate for the post, during a luncheon attended by Ohio House Republicans and Bliss. The Ohioan was here for party conferences.

Brown, Ohio Republican national committeeman, said he will recommend that Bliss succeed National Chairman Thurston B. Morton, who has announced he will retire. Brown told newsmen that Bliss has the support of all segments of the Republican Party—backers of Richard M. Nixon, Barry Goldwater, and Nelson Rockefeller alike.

Bliss, said Brown, led the party to victory in Ohio in the last election while Republicans generally were losing the White House and were defeated in Congress.

Non-Citizens
Must Complete
Address Forms

Thomas M. Pederson, District Director of the Immigration and Naturalization Service today urged all aliens in Ohio and Kentucky who have not yet filled out alien address report forms, to do so before January 31 at the nearest Immigration Service office or local Post Office.

The Immigration official pointed out that the law requires all non-citizens to report their address to the Government each January, except persons in diplomatic status, foreign representatives to certain international organizations, such as the United Nations, and aliens here temporarily as agricultural contract laborers.

Pederson added, "The parent or legal guardian of an alien child under 14 years of age must fill out the address report form for such child in order to comply with the law."

He declared, "We have tried to make it as convenient as possible for non-citizens to meet the address report requirements; and, in view of serious penalties for willful violation, all persons subject to the address report law are urged to fulfill this obligation before the end of January."

Pederson advised: "It is easy for an alien to meet this requirement. He just goes to the nearest Immigration Service office or Post Office, fills out the address report form, and returns it to the clerk. Any non-citizen who is ill may send a friend or relative to obtain the card for him, and return it to the clerk after it has been completed by the alien," stated Pederson.

UNEASY LIES HEAD — Laos' King Savang Vathana leaves a temple in Vientiane after officiating at a ceremony honoring those killed in fighting against the Red-supplied rebels.

Kent State Drops 560

KENT, Ohio (AP)—Kent State University dismissed 560 students at the end of its first quarter for academic failure, a university spokesman announced. Included are 255 freshmen, about 20 percent of the class. Kent dropped 479 students in the first quarter last year.

Nuclear Experts Open Probe
Into Explosion in Reactor

IDAHO FALLS, Idaho (AP)—Nuclear experts gingerly probed within a silo-shaped building today, seeking the cause—and nature—of an atomic reactor explosion that killed three young servicemen.

They were hampered by radioactivity so dangerously high that each could safely remain inside the structure little more than a minute.

The damaged reactor was deep inside the metal-sheathed building. So, too, were the bodies of two of its victims: It was too dangerous to try to recover them. The third body was removed within minutes of the explosion Tuesday night.

It was the first fatal accident in the history of this country's atomic energy program.

The blast occurred on the Atomic Energy Commission's sprawling, half-million acre National Reactor Testing Station in eastern Idaho, about 40 miles west of this city of 34,000. AEC officials assured the public the radiation was confined to the building area and wasn't even dangerous elsewhere on the station.

Before the experts could find out precisely what happened, they had to find a way of plugging the leaks in the reactor's heavy sheathing—leaks that permitted the deadly radiation to spew into the building surrounding the core.

The AEC said all three victims' bodies showed the effects of severe explosion, indicating they were killed by the blast rather than by radiation.

But the building, from outside, appeared undamaged. The AEC was silent about what damage officials found inside. In Washington, AEC Chairman John A. McCone promised the facts "will be

made available as they are established."

Best guesses were that some kind of chemical explosion ruptured the reactor's nuclear core and released the radiation. It was fairly certain there was no nuclear explosion of the type released by an atomic bomb.

Two of the dead were Army men—Spec. 5 John A. Byrnes, 27, and Spec. 4 Richard L. McKinley, 22, both living in Idaho Falls with their wives. The third was Navy electrician Richard C. Legg, 26, of Roscommon, Mich. Byrnes formerly lived in Utica, N.Y., and McKinley in Kenton, Ohio.

Woman Lawyer Accused
Of Embezzling Funds

CANTON, Ohio (AP) — Canton Attorney Marie A. Joniec was arrested Wednesday on an indictment accusing her of embezzling \$21,500 from a client.

The secret grand jury indictment allegedly involved money paid by Joseph Wasik, Miss Joniec's client, in a real estate transaction.

Miss Joniec, who has been practicing law here since 1953, was released on \$1,500 bond. She is 30.

Cleveland Ford Plants
Plan Layoff of 500

CLEVELAND (AP)—The Ford Motor Co. has announced it will lay off 500 hourly employees Friday from its two Brookpark Road plants due to schedule adjustments. Engine plant No. 2 will lay off 410 employees and 90 will be laid off at the foundry. A United Auto Workers union spokesman said the action brings the total number of workers laid off since last January to 2,500.

Bigelow's new
high-bulk broadloom
with no highfalutin' airs!

LONDONDERRY

Good looks. Good wear. Good price. These are the down-to-earth values unique to Londonderry (thanks to Bigelow's new high-bulk yarn!) This 3-ply, permanently mothproof wool is fluffed up, much like high-bulk sweater yarn, but sturdier. It gives a much deeper, denser pile than ever before possible at the price, plus, all the extra long wear you'd expect! It's luxurious, yes, but this luxury's the real McCoy! See Londonderry today if you want your carpet dollar's full worth!

Jackson PTS Meet
Scheduled Monday

The Jackson - Muhlenberg PTS meeting is slated at 7:30 p. m. Monday at Jackson.

The Christmas program, which was postponed in December due to weather and road conditions, will be presented by the students. The program will be under the direction of Mrs. Ross Hamilton.

Governor May Order
Hospital Rate Study

COLUMBUS, Ohio (AP)—Zooming hospital rates may come under study if Gov. Michael V. DiSalle carries out a plan he said today is under consideration.

The governor told newsmen he might appoint a committee to look into Blue Cross systems, and rates charged by private hospitals for care of numerous welfare and other state patients.

Such a committee, he said, would be composed of hospital, medical, nursing and public representatives.

There are about 60 million cigarette smokers in the United States — 36 million men and 24 million women.
